

Management's Discussion and Analysis

Other. Other investments include tax credit investments (accounted for under the proportional amortization method of accounting) of \$3.2 billion as of December 2024 and \$3.4 billion as of December 2023. Additionally, other investments includes CIEs, which held assets (generally accounted for at historical cost less depreciation) of \$2.4 billion as of December 2024 and \$5.9 billion as of December 2023, and were funded with liabilities of approximately \$1.2 billion as of December 2024 and \$3.5 billion as of December 2023. Substantially all such liabilities were nonrecourse, thereby reducing our equity at risk.

The table below presents the concentration of CIE assets, net of financings, within our alternative investments by region and asset class.
